FARNSBAKER ATTEMPTS
TO DROP HOPKINSVILLE
FROM K. I. T. LEAGUE.

Kentucky Team Getting too
Close to Cairo for
Fourth Place.

Injunction Suit to Be Filed at
Paducah To-Day to Prevent
the Injustice.

No Legal Meeting Held When
Outrage Was Attempted---Will
Be Taken to the Courts By
Hopkinsville People.

Like a thunderclap from a clear sky came an announcement from M. J. Farnbaker, of Cairo, yesterday that Henderson had withdrawn from the K. I. T. League and that Hopkinsville had been "dropped."

The local director, who is executive committeeman for Hopkinsville in the League, at once called up Farnbaker and when told that the Cairo man had voted his proxy he denounced him as having acted without any authority. Farnbaker was sent to Henderson following a meeting at Princeton Sunday to try to help the Henderson club raise enough money to stay in the League.

Henderson was going ahead playing so well that the team shut out Princeton Tuesday, while Hopkinsville and Paducah were defeating Vincennes and Cairo at the same hour.

By a coincidence all three of the teams that broke up the League were defeated the day it was done.

According to Farnbaker, he voted Cairo, Vincennes and Vice President Biggs acted for Princeton. Hopkinsville and Paducah were not represented and Henderson had not dropped out when the alleged action was taken, for the team played up to night and played so well that three straight games were won from Princeton.

The Directors of the Hopkinsville Association notified every team in the League yesterday that the club would not submit to the action attempted, but would report for every schedule game and claim a damage suit against every club that fails to play according to schedule. The team is standing loyally by the Association and reported at the Park in uniform ready to play yesterday, though Princeton remained away on Farnbaker's orders.

The Paducah club was talked to and they will stand by Hopkinsville. Paducah was not represented at the alleged meeting at Henderson last Tuesday, so there could have been no quorum of the 6 teams present to either drop Henderson or Hopkinsville.

Attorney John Feland will go to Paducah this morning to file an injunction suit and ask for the appointment of a receiver to wind up the affairs of the K. I. T. League, unless in the meantime a legal meeting is called and the action rescinded.

It has long been a pet idea of Farnbaker to have a four-club League. He was deposed as an officer last spring because he was a source of incessant discord and he has by acting for the regular secretary butted in and may succeed in taking his revenge by breaking up the League. He has always had a special animosity towards Hopkinsville, which is just now crowding Cairo for 4th place and would have passed Cairo before the end of the

week, as Princeton would have lost 3 games to us as they have just done to Henderson's crippled and expiring team. Something desperate had to be done and Farnbaker undertook to do it.

Hopkinsville has won 600 per cent. of the games played since June 15, increasing its standing from 285 to 419. Out of 33 games played, 19 were won. We broke even with Vincennes in 4 games this week and were anxious to get at Princeton and Cairo before leaving home again.

The club's affairs are in good shape, with players paid up to July 15th and ample resources available to finish the season. The team will, if allowed to play out, finish not lower than third in the list.

The attempt to break up the League was the talk of the town yesterday and baseball ardor was never stronger. Many offered to contribute money to fight the outrage through the courts.

Mr. Farnbaker can put this in his pipe and smoke it: HOPKINSVILLE IS STILL IN THE K. I. T. LEAGUE AND WILL STAY AS LONG AS THERE IS A LEAGUE!!

Yesterday Cairo wired Bonar an offer of \$100 and Morris \$55, assuming that we would be kicked out and forfeit all our rights in players. This shows one of Farnbaker's motives in putting Hopkinsville out.

The players will not be taken from their home team, but will fight it out with the Association if it takes all summer.

Tuesday's Games.

Hopkinsville defeated Vincennes Tuesday in a brilliant game by 4 to 1. "Foxy" Morris in the seventh inning knocked a home run with two men on bases, winning the game.

The fans made up \$4.60 for him for the lucky hit. Perdue pitched and allowed Vincennes only 2 hits. Witt, for the visitors, was hit 12 times.

Henderson shut out Princeton 3 to 0, at Henderson.

Paducah beat Cairo 14 to 3, at Paducah.

THE CITY BANK.

CAPITAL - - - - - \$60,000.
Surplus and Undivided Profits, - - \$70,000.

The surplus of this bank, every dollar of which has been earned, is larger than that of all other Banks in Christian county combined, and in proportion to capital, ranks among the very first in whole State of Kentucky.

STATE CERTIFICATE

Awarded to Bright Young
Hopkinsville Teacher.

RIPE IN YEARS

Mrs. Mary J. Bowles Ex-
pires at Crofton.

Miss Bessie Walker, who recently took the State examination for a teacher's certificate, has been advised that she passed the examination with a creditable grade. The certificate is good for eight years and is good to teach in any county in the State, and is qualification for superintendent of county schools without further examination.

Miss Walker is a daughter of Mr. E. W. Walker, and is a graduate of the Hopkinsville Public High Schools.

Mrs. Mary J. Bowles died at the home of her daughter, Mrs. Delia Bourland, in Crofton, Tuesday morning from the infirmities of extreme old age.

She was 88 years old and leaves several children, among them are Messrs. Geo. W. Bowles, A. H. Bowles, Fernando Bowles, Walter Bowles and Mrs. Bourland.

She was not a church member, but a lady of many excellent traits and noted for her good deeds.

The funeral services were held yesterday morning at the Christian church in Crofton by Rev. H. C. Beckett, of the Universalist church. The burial took place at the family burying ground three miles East of Crofton.

Death of Newspaper Man.

Paducah, Ky., July 18.—News today reached the city of the death in Graves county of Will Watkins, a well-known Southwest Kentucky character and former editor of the Moon. He was employed in various newspaper offices in this section, and recently contracted consumption. He was about forty years old, and was known everywhere as "Bill" Watkins.

OYSTER CULTURE IN JAPAN

Over Two Centuries Ago, the Orientals Were Engaged in Industry of Recent Origin Here.

The backwardness and unprogressiveness of the element of our population that opposes oyster culture are indicated by a fact stated in the National Geographic Magazine, namely, that the Japanese were cultivating oysters over two centuries ago on the only practical basis of individual control of the oyster bottoms. This intelligent people long ago saw what our politicians do not yet see—that reaping without sowing is as improvident and ruinous in agriculture as in agriculture.

"It comes as a shock to our national pride," says the National Geographic Magazine for May, "that the Japanese should have taken up oyster culture a century before our nation was born and have recognized the most essential factor in successful cultivation, namely, individual ownership or control of the oyster bottoms, when we remember that in the most important oyster region in the world, within a short distance of the capital of the United States, the vital principles of oyster culture are ignored and efforts to apply them are resisted sometimes by force of arms."

Happy for the Japs, among them the least intelligent are not permitted to dictate the policy of the state to their own hurt and to the injury of large public interests.

Not only do the Japs cultivate with great profit the common oyster, but they cultivate also the pearl oyster. They stimulate the pearl secretion artificially, with the result that every year they have 1,250,000 oysters under treatment and obtain annually some 250,000 pearls. Among us the raising of terpenin is an unsolved problem, so that we are facing the extinction of the diamond back and of other less valued varieties. But the Japs for years have been placing artificially grown terpenin on the market.

Near Tokio a single farm markets yearly a crop of about 50,000 to 60,000 terpenin. In view of facts like this it seems to be "up to" our people to take a comprehensive view of their valuable but neglected water areas—areas which under intelligent management are capable of producing, per acre, crops largely exceeding in value those grown on land. We boast of our position in the van of modern progress, but in respect to the utilization of our natural resources we are far in the rear of the Japanese. In fact we regard our oyster bottoms from the point of view of primitive savages who hold their land in common and senselessly consume its products without provision for their removal.

WOMAN'S WOES.

Hopkinsville Women Are Finding Relief at Home.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs, or headaches, dizzy spells, bearing down pains; they must stoop over, when to stoop over means torture. They must walk and bend and work with racking pains and many a woman says she can't bear to cause more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained. Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mr. John Coombs, of 1226 South Virginia street, says: "For a great many years I suffered with a persistent aching across my loins and through the kidneys. At times my back was so bad that I could hardly turn around. I could hardly lie down at all without holding my hand under it which seemed in some measure to relieve the pain. A friend of Mr. Coombs told him about Doan's Kidney Pills and he got a box for me at Thomas' Barber's drug store, taking them every day with a good result, until the dreadful aching was relieved and I could attend to my household duties without any inconvenience. They did more for me than any medicine I ever used and I gladly recommend them."

They are all day long. Price 50c. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

FACT ABOUT THE "BLUES"

What is known as the "Blues" is seldom occasioned by actual external conditions, but in the great majority of cases by a disorder of the liver.

THIS IS A FACT which may be demonstrated by trying a course of

Tutt's Pills

They control and regulate the LIVER, bring hope and buoyancy to the mind. They bring health and elasticity to the body.

TAKE NO SUBSTITUTE.

A detective sergeant was killed at Warsaw, and a merchant was accidentally killed.

What's the secret of happy, vigorous health? Simply keeping the bowels, the stomach, the liver and the kidneys strong and active. Burdock Blood Bitters does it.

Part of a Russian regiment stationed at Lodz mutinied and killed an officer.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always at hand.

New York police have unearthed a "beggars' trust," made up of persons who were well-to-do.

Diphtheria relieved in twenty minutes. Almost miraculous. Dr. Thomas' Electric Oil. At any drug store.

Samuel Curry, a well-known man of Bloomington, Ind., dropped dead there.

Hives are a terrible treatment to the little folks, and to some older ones, usually cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Enormous damage was done by storms in the suburbs of Paris, France.

MAKING OF THE BASEBALL.

The Industry Established in 1855 Employs Hundreds of People Who Have Learned Art

This is the story of a baseball. It begins with a rubber core. Then it extends through hundreds of yards of wool yarn to a horsehide cover. More hundreds of yards of wool yarn give the resiliency, or "bounce." Then comes cement, and an outside cover within the prescribed weight and circumference laid down by the league magazines, says the Boston Globe.

To every lover of the national game the following facts will be of interest:

Half a century ago the game of "rounders" gave a quick eye, a well-developed arm, a deep chest and a fleet foot to thousands of youngsters at "recess."

If some of the old "yarn balls" made by mothers and grandmothers had been preserved they would be priceless today as relics. Those balls were "swatted" out of shape in the twinkling of an eye.

Then a "kid" cover was sewed over the yarn ball. It was cut in eighths of a circle, just as the orange skin is divided. This was promptly knocked off in the second inning, but it gave a third inning for the yarn.

Harrison Harwood, of Natick, was a lover of the game. He had "swatted" yarn into the comeliest streamers and had batted "kid" covers half way across the field.

In 1855 he designed a two-piece cover. It was like what is now called a "toggle" joint. In other words, there were two hemispheres of leather, connected by a narrow isthmus, into which two other hemispheres fitted snugly. This was the first step. But the construction made it a "dead" ball.

Fashions for the Midsummer

SUMMER GIRLS.

Lingerie waists blossom on every girl, and an infinite variety of them are to be had. Bright colors are to be worn until late in the fall. It would be well for the fair-skinned to see that her stock is kept up. How shall we begin to select and describe when there are such numbers of changes from which we had better plunge in and bring forth what we may. Here is one of almost divided gait, the dots very small. It is made with a round neck—the kind becoming only to the happy maid with perfect coat and shoulders. It is a sort of batiste, and is simple, but gathers giving fullness in front of the back plain. The sleeves are quite full and extend just below the elbow, where a deep frill of wide footing edged with narrow lace flows softly over the arm. The neck is finished with narrower footings likewise lace edged. Simple as can be, but it will fit and sit very effective.

Tucks have much place on the Hindo waist, and are very attractive in summer, emphasizing the sheerness of the materials. One waist had a wide strip of fine insertion down the front, and the other a series of tucks alternating with short clusters. At the shoulder a deep under plait gave the proper fullness, for the waist set well over the bust. This plait was "discovered" some years ago, but its use is still appreciated.

There is a great variety of patterns, but personally we prefer the thin materials that are not so elaborate or ostentatious as the heavy and rich all-over patterns—the plain materials infinitely preferable to cheap imitation laces. Even the best of all-over look like others when cool and fresh.

We noticed a cool-looking maid this morning. A black silk waist, a sheer white lingerie waist, elbow sleeves and long black silk gloves. The hat was a white panama with a China silk scarf wound about it. The parasol a long white one of the same pattern. She could have worn this costume anywhere of a summer day, provided it was as fresh and crisp as when I saw it.

Handles of parasols are very long

again, for which we may be thankful—we need not get our hats powdered with sweat. There are many gallant ways to save us the fatigue of carrying the sunshade. Wash gloves have ousted all others; mitts and fingered "handshades" are worn. It is the best to have the gloves and stockings match the costume, and than the mitts and one should be very careful to get right shades. Sometimes the girl behind the counter will inform you in indifferent manner that it is impossible to get certain shades in silk gloves, but a little searching at the back stores will reward you in a rich array from which to make a selection. The dealers are supplied with hose and gloves in every imaginable tone.

There are pretty shoes of black patent leather with white uppers. Bits of white on the shoes are the latest fad, and are quite an addition to the sober black to which we are accustomed. Canvas garters are an excellent novelty, the old time wooden garters were entirely out of date. There is many a cool day when the lace shoe is a trifle too cool and the canvas "spat" will come in well.

Undershirts deserve a word, for there is noticeable a decided change in summer underwear. Everything is made of softest material and there is more simplicity of appearance; not so much lace and insertion and heading, but rather less work.

Undershirts are white, systematic and scallops in white, make these affairs cost money, but the appearance is quite simple. As a rule, the lingerie waist comes in the back, and the opening of the back cover necessarily should be hidden in the front, and the back, is drawn down in small tufts.

Very pretty pongee petticoats are offered for sale, the first cost of a good silk petticoat; but they make a more economic investment, wash so easily, and are especially good.

And by the way, gray silk stockings this year are lovely, in the many tones of gray that the season shows in costume.

Some of the best sort, perhaps we may say the majority, are made with net material. A few very good ones are trimmed with a heavy open work, have elbow sleeves with turn-back cuff, and girdles of silk instead of the belt of linen or some wash trimming. These coats are more severe, but are so attractive. In making have the pressing well done; a tailor look is the proper thing for the linen suit.

Some of the better sort, perhaps we may say the majority, are made with net material. A few very good ones are trimmed with a heavy open work, have elbow sleeves with turn-back cuff, and girdles of silk instead of the belt of linen or some wash trimming. These coats are more severe, but are so attractive. In making have the pressing well done; a tailor look is the proper thing for the linen suit.

THE SONG OF THE PLAIN.

No harp have I for the singing, nor fingers
fashioned for skill,
Nor even shall words express it, the song
that the heart holds.

A saga, swept from the distance, horizons
beyond the hills,
Sing of the strength and endurance, and bidding
me bear my part.

For this is song, as I sing, the song that I
love the best.

The strong wind in the furrow, the
grip of the gleaming steel,

An anthem sung to the noonday, a chant of
the open air,

Exulting in the spirit, to gladden
me bear my part.

And this is life, as I read it, and Life, in its
fairest form,

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

To strive and strive, and be thankful,
and work, and work,

Planning over the prairies, the destiny
planned by God.

And no reward do I ask for, save only to
work and toil.

To toil, to hold the upturned sod,

JULY 20, 1905.

The Tokio correspondent of a London paper says a Japanese army has landed north of Vladivostok and that it is believed to be a movement for the investment of the Russian fortress.

The burning of the Union Station a Louisville opens the way for building one grand union depot for all the roads entering the city. The Times says: "A Union Station has been discussed before, but the interests could not get together, the result being a Union Station at Tenth and Broadway and a Union Depot at Seventh and the river. An official high in the councils of the Louisville and Nashville said he would not be surprised if a joint arrangement would not result from the fire. Work on the erection of a new station will be begun as soon as the Chief Engineer, R. Montfort, has concluded his inspection of the ruins and submitted his report on the proposition to rebuild."

BAYLOR HICKMAN

Picks up \$60,000 In a Real Estate Deal.

HOPKINSVILLE BOY

Interested in the Erection of a Fine Flat in Louisville.

The good news comes that a Hopkinsville boy made a cool \$60,000 on one real estate transaction in Louisville a few days since. The fortunate man was Mr. Baylor Hickman, the younger son of the late Dr. L. B. Hickman. Mr. Hickman has made his home in Louisville for the past twenty or more years and has been quite successful in iron and other business. His many Hopkinsville friends will read with interest the following from Sunda's Courier-Journal:

"A deal has been practically closed by which a syndicate gains possession of the Caperton property between Second street and Third avenue on Walnut street, and will erect a handsome flat building at a large investment. Walter S. Adams is at the head of the syndicate and Baylor Hickman and Attila Cox are among those to be interested with him in it.

The property was purchased a short time ago by Mr. Hickman for about \$40,000, but it is understood that with the stock in the syndicate that goes to him and other considerations, he is receiving approximately \$100,000 for the ground. The company will have a capital stock of \$350,000 and most of it is subscribed."

The Woodmen.

There was an interesting meeting of the Woodmen of the World Tuesday night. Several new members were added and business of importance was transacted.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and that it could not be cured by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, O. Sold by druggists, 75c. Take Hall's Family Pills for constipation.

Liver and Kidneys

It is highly important that these organs should properly perform their functions. When they don't, what lameness of the skin, what constipation, bad taste in the mouth, sick headache, pimples and blotches, and loss of courage, tell the story.

The great alternative and tonic

Gives these organs vigor and tone for the proper performance of their functions, and cures all their ordinary ailments. Take it.

BEAUTIFUL UNION STATION DESTROYED.**Fire Entails Severe Loss On Louisville & Nashville at Louisville.****ONLY THE WALLS LEFT.****Loss Will Exceed \$350,000, Confined to Station Property.**

Louisville, Ky., July 17.—The union passenger station, at Tenth and Broadway, was destroyed by fire to-night, entailing a loss of about \$350,000. The amount of the insurance is not known.

The fire was discovered about 9:30 o'clock on the top floor of the four-story stone structure, and although every fire engine in the city except the reserves was on the scene in half an hour, the flames gained steadily, and in two hours after the start the building was eaten to a shell, only the walls being left standing.

Fortunately the fire occurred at a time when few trains were scheduled to arrive or depart, and only a small crowd of passengers was in the building. There was no panic and no casualties ensued. Defective insulation on electric wires is thought to have caused the fire.

The loss was confined to the passenger station proper, the Louisville & Nashville freight depot standing alongside being saved by the firemen. The train shed was saved and the terminals were not obstructed. The fire caused small interruption to traffic on the Louisville & Nashville, Pennsylvania and Monon railroads, the three companies using the station. Trains were detained and passengers and baggage handled at the Union depot, Seventh and Water, and the Fourteenth street depot.

The station burned was one of the handsomest to be found anywhere. It will probably be rebuilt at once.

KILLED BY TRAIN.

Edward Ruby, Formerly of Earlinton, Ky.

Madisonville, Ky., July 17.—Edward Ruby was killed in a railroad accident near Huntington, Ind., and the remains were brought here last night for burial. It is reported here that he was killed about July 12, and had been buried and an account of the accident was seen in a paper by a sister of Mrs. George Rash, of this city. The clipping was sent here to Mrs. Rash and she was told to go and see Mrs. W. C. Morton, the sister of the dead man, and investigate the matter, as a man by that name used to live here. When investigations were made Clint Ruby, a brother, took the first train to Huntington, and had the remains shipped to this place. Mr. Ruby was a union printer and had his card, so it is said. He was about 32 years of age and formerly worked at Earlinton as foreman on the Bee, and was well known in this section.

City Bank Moving.
The City Bank is moving into the Summers building, corner of Court and Main streets. The contractors will commence work on the new building soon and rush its completion as fast as possible.

Mr. Jackson has moved into rooms on the second floor of the Summers building and Dr. F. G. Fruet over the Bank of Hopkinsville.

The bank is ready for business in its temporary quarters today.

How to Build Concrete Steps.

Remove the earth for a depth of 20 inches and fill up with good broken stone and pound down well. Put on a coat of about 3 inches thick of 1-inch crushed stone and cement and ram well. Let this set for about 24 hours. Set a wide plank on each side of walls about 4 feet 10 inches apart, (4 ft. for steps and 5 inches each side for rails). Build inside plank 14 or 16 inches apart. These could be dressed and gouged so as to show a neat mold.

Mix a concrete of 1 part cement to 5 or 6 parts of fine crushed stone or gravel. Put this in to within 2 inches of the height and thickness desired and trowel well. To form the side rails the outside plank and one 5 inches from it, cut to fit the steps are used. The side rail should be 6 inches higher than steps, of suitable design. In joining the rails to the steps use plenty of water to make them stick. Mix 2 parts cement and 1 part coarse clean, sharp sand. Fill up the remaining space in your step mold with this and trowel off smooth.

They should be allowed 3 or 4 days to thoroughly set, sprinkling frequently to prevent breaking or cracking. After taking off plank rub of with coarse sand paper or a file.

F. W.

ICE CREAM**Supper for Benefit of School House Repairs.**

An ice cream supper will be given at Laytonsville Aug. 12, under the auspices of the Laytonsville Bible Class. There will be speeches and music and a general good time is in store for those who attend. The proceeds from the sale of cream will be used for making some much needed repairs on the Laytonsville school house.

Elaborate preparations are being made to entertain the visitors. The Hopkinsville brass band will play and there will also be other musical specialties.

Both religious and political speeches will be delivered. No admission. All welcome.

President's Grand-daughter.

Mrs. Caroline Elizabeth Monell died suddenly at her home in Fishkill Landing N. Y., Monday. She was 90 years old. Mrs. Monell was the granddaughter of John Adams, second President of the United States, who wrote a congratulatory letter and a poem on her birth. She was a daughter of the late John Peter de Wint. She first married Andrew Downing the landscape artist, who laid out the public grounds at Washington. He perished in the Henry Clay, disaster, July 28, 1852. She later married Judge John J. Monell, who died some years ago. She leaves one daughter.

THE GRAND PRIZE**Awarded to Kentucky for the Finest Display of Tobacco.**

Frankfort, Ky., July 17.—Official notification was received by the secretary of state today of the award of the grand prize of the St. Louis World's fair to the state of Kentucky for having the finest display of tobacco at the exposition of 1904.

The notification was accompanied by a handsome official certificate of the award.

A Grim Tragedy

It is daily enacted, in thousands of cases of death claims, in which one another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, the tragedy is averted. F. G. Huntley, of Oakland, Ind., writes: "My wife had the consumption, and finally gave up. I took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at \$1.00 a bottle by R. C. Hardwick, druggist. Take bottle free.

S. S. Picnic.

Miss Mattie Duke's Sunday School Class went to Edwards' Mill yesterday for a picnic. Many invited guests were present and the day's outing was hugely enjoyed by the little ones.

HALL'S VEGETABLE SICILIAN Hair Renewer

Why not stop this falling of your hair? At this rate you will soon

be without any hair! Just remember that Hall's Hair Renewer

stops falling hair, and makes hair grow.

FINE TIME IS IN STORE FOR SCRIBES.

Program for Press Meeting at Crab Orchard This Week.

NO JUNKET THIS YEAR.

Banquet at Which Many Oratorical Stunts Will be Done.

Harrodsburg, Ky., July 18.—The literary program for the meeting of the Kentucky Press Association at Crab Orchard Springs, July 25, 26 and 27, has just been completed by Messrs. Lew B. Brown, Harry McCarty and E. A. Gullion, and is one of the best ever made up for the editors. It is as follows:

Tuesday, July 25.

Address of welcome, Hon. R. W. Miller, Richmond.

Response to welcome, Clarence E. Wood, Association orator.

President's annual address, Louis W. Landrum, Lancaster Record.

"The Successful Country Weekly," J. R. Leman, Mayfield Messenger.

"Advertising from Three Standpoints," Henry M. Caldwell, Louisville Times.

"Politics as a Side Line," E. Barry, Benton, Democrat.

Round Table—"Are We Easy?" L. W. Gaines, engineer.

"All join in the happy chorus."

Wednesday July 26.

"Cash Subscriptions a Success," D. M. Duncan, Brandenburg Messenger.

"A Crack at Creation and Creation," S. W. Linebaugh, Russellville News.

"The Semi-Weekly—A Companion," Swift Champ, Paris News.

"United We (Ought to) Stand," Geo. W. Albrecht, Middlesboro News.

"The Daily and Its Lessons," Chas. E. Stewart, Lexington Herald.

"The Associate Editor," Mrs. Betty Campbell, Somerset Journal.

"Official Advertising and So Forth," Geo. S. Lee, Carrollton News.

Round Table—"As to Legislation," Henry R. Lawrence, conductor.

"Each mother's son may grow."

Thursday July 27.

"Random Shots at Practical Points" M. F. Conley, Louisville News.

"Prevalent and Pernicious—the Graft," E. A. Jonas, Henderson Journal.

"The Tri-Weekly—A Conclusion," S. W. Menefee, Danville Advocate.

"The Sublimity of Insignificance," A. D. Miller, Richmond Climax.

"Something More than Humdrum," Mrs. Stella Cardwell, Harrodsburg Herald.

Round Table—"The Good of the Order," John W. Gates, superintendent.

"A last chance for all to butt in."

The round table will afford an opportunity for every member to seek or give information on any subject he pleases, and it is expected to prove most valuable, as well as the most interesting, feature of the meeting. Letters received by the committee convey a unanimous and hearty approval of the plans this year as an improvement over the customary junket. The indications are that the attendance will be up almost wholly of "new material," and the "old-timers" will add their full share.

The entertainment has arranged for two balls, a german, a banquet, progressive euchres, athletic contests, vaudeville stunts, etc.

Death of Mrs. Carter.

Mrs. Joe Carter died Tuesday of the infirmities of old age. She had been growing feeble for months. She was in her 72d year. Burial will take place today at Lafayette.

Death of Mrs. Henderson.

For a lingering illness of a complication of diseases, Mrs. Lon Henderson died last night at the age of 60. Her home was near Harmony. She was a pious and much loved woman and leaves two sons and one daughter to mourn her departure.

Death in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At R. C. Hardwick's drug store, 25c, guaranteed.

Sickening Shivering Fits

of Arque and Malaria can be relieved by Myrrhine Electric Bitters. This is a pure tonic medicine, of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of this drug's bad after effects. Dr. S. Myrrhine Electric Bitters, which saved his life, at R. C. Hardwick's drug store, price 50c, guaranteed.

The Big Barbecue.

Preparations for the big barbecue to be given on the third of August are being pushed rapidly by the gentlemen having the matter in hand, and it will be the biggest thing in this section of the country for a quarter of a century.

The Dark Tobacco Growers' Association is the originator of the event and are making preparations to feed 4,000 or 5,000 people. Mr. H. C. McGhee, of Gracey, is Secretary of the executive committee, and any thing he takes hold of goes.

Wheat Threshing.

The farmers have been "taking advantage of the favorable weather and wheat threshing has been in progress at a lively rate for a week or more. It will take another week to get through with the entire crop.

Already quite a lot of the crop has been delivered at the mills. The price is unchanged—about 84 cents.

At R. C. Hardwick's drug store.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had Scler. Rheum or Eczema for years, but nothing would cure it, until I used Buckle's Arica Salve." A quick and sure healer for cuts, burns and sores. 25c at R. C. Hardwick's drug store.

LOST.

Three-year-old Jersey milk cow, color, brindle. Return to J. O. Cushman and get reward.

For the medicine chest or sideboard; I. W. Harper Whiskey is pre-

eminently the family whiskey—none

better. Sold by W. R. Long, Hop-

kinsville, Ky.

NOW**FOR MOTHER.**

We have everything you'll want for your boy to wear this spring. If you are undecided let us talk it over. Every suit is new and in good taste or it would not be here.

Tastily Trimmed**Russian Suits and Etons**

For the smallest of boys, in styles exclusive with us. The two piece single breasted are destined to be extremely popular for the larger boys from 8 to 16 years old.

J. T. WALL & CO.**FIGHT IN A CHURCH**

One Man Killed and Another Wounded in Kentucky.

Death of Mrs. Henderson.

At a lingering illness of a complication of diseases, Mrs. Lon Henderson died last night at the age of 60.

Her home was near Harmony. She was a pious and much loved woman and leaves two sons and one daughter to mourn her departure.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser.

Such as Dr. King's New Life Pills.

They are just what you need to cure stomach and liver troubles.

Try them. At R. C. Hardwick's drug store.

Death to Drafted Men.

All those who were drafted from Kentucky into military service of the United States in 1861 can recover for money paid for a substitute.

For further information address M. Graves, Trenton, Ky.

Spoiled Her Beauty.

Harriet Howard, of 209 W. 34th

St., New York, at one time had her

beauty spoiled with skin trouble.

She writes: "I had Scler. Rheum

or Eczema for years, but nothing

would cure it, until I used Buckle's

Arica Salve." A quick and sure

healer for cuts, burns and sores. 25c

at R. C. Hardwick's drug store.

Ayer's

Bald? Scalp shiny and thin? Then it's probably too late. You neglected dandruff. If you had only taken our advice, you would have cured

Hair Vigor

the dandruff, saved your hair, and added much to it. If not entirely bald, now is your opportunity. Improve it.

I have used Ayer's Hair Vigor for over 40 years and have never had any growth of rich brown hair, due, I think, entirely to the use of this product.

Mrs. M. A. KIRK, Bellville, Ill.

Elbow & bottle
All dandruff
for
Good Hair

BEVERLY NOTES.

EARNING EDUCATION

STATE UNIVERSITY STUDENTS THAT EARN THEIR WAY.

Many Occupations That Help Some of Students Have Won Elevated Position in Life.

It was no uncommon thing in the days of the "little red schoolhouse" for aspiring students to eke out a living while attending school. Some sort of money earning; splitting wood, I believe, was the favorite occupation, the surest of return. We recently came across notice that a very large part of the students at the University of Missouri were paying their expenses themselves, and were interested to find out what they worked at.

The report of the university publishes points with pride to some of the alumni that likewise labored when they were getting an education, and in particular that they appreciated an education so obtained, and that the students, when they were graduated, had a good start in life.

State College of Kentucky,

Lexington, Ky.

The Agricultural and Mechanical (State College) of Kentucky offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, and Mining Engineering, each of which extends over four years and leads to a degree. Post-graduate studies are also provided, leading to a master's degree. Each course of study is offered under a separate faculty. The general faculty number nearly fifty professors and instructors.

County apprentices receive free tuition, room rent in the dormitories, fuel and light, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well equipped, comprising a valuable collection.

The Legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Both buildings are completed and in use. Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability to supply.

Students with the necessary number of assistants have charge of each department of natural science. Summer schools are provided for pedagogy, engineering, instruction in science and in arts.

The State College of Kentucky, though bearing hitherto the title of "college," is the only institution in the Commonwealth doing, in any proper sense, university work.

The completion of the college for young women provides facilities for food, board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It is heated by steam and lighted by electricity.

An opportunity is thus afforded to young women of obtaining a thorough education in classics, modern language, literature, science, mathematics, logic, metaphysics, history, and political economy.

No other institution in the State offers advantages for education of women at all comparable to those offered by the State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to

JAS. K. PATTERSON, Ph. D., LL. D.

or to D. C. FRAZEE, Business Agent, Lexington, Ky.

Fall Term Begins Sept. 14, 1905.

Notice to Drafted Men.

All those who were drafted from Kentucky into military service of the United States in 1864 can recover for monies paid for a substitute. For further information address M. H. Graves, Trenton, Ky.

THE MUSIC IN THE MEEDER.

There is music in the meeder
When the muler cowbells ring,
Seth, the mule, is in the act
As sweet as anything;

But the music in the grasses
When the mule is in the hum,
Is like a benediction when
The end of day is come.

There is music in the meeder
When the sun is gettin' low,
When the grasses grow an' deepen,
An' the fireflies give light;

The katydid is singing, 'am'
The cricket's lyre call,
The shadows are on the meeder when
The shadows start to fall.

N. O. Times Democrat.

When the butterflies are restin'
An' the bees are in the gum
Singing where the honey is, an'
Everything is still;

Softly from the meeder comes
The cricket's lyre call,

The shadows are on the meeder when
The shadows start to fall.

N. O. Times Democrat.

When the butterflies are restin'
An' the bees are in the gum
Singing where the honey is, an'

SPRITE'S DEPARTURE

LAST CHAPTER IN HISTORY OF
RED FOX.Arrogant Man with Bicycle Angry
That Money Could Not Buy—
Sent Into the Woods—
Makes Return."I'll give you a hundred dollars for
that fox."

The speaker was a rather loudly-dressed individual who sat in a high-power truck car on the side of a New Hampshire country road. The remark was addressed to me, as I lay, leaning on my elbow, on the shady border of a spruce forest, and it pertained to my handsome red fox. "The Sprite," which stood just behind me with his muzzle thrust under my intense gaze, with suspicion in his yellow eyes. I looked down at his fine little face, and said, with a smile:

"Well, Cootsy, what do you say? Will you go with him?"

At the sound of my voice the great
white-tipped brush waved his
tail.used as a gargle, and externally
on the throat, is a marvelous rem-
edy for these painful and dangerous
disorders, and effects relief
and cure after everything else
has failed.Say Henry Wade, of Harlin,
Mo.: "I am under obligations to you
for the great good which
Hamlin's Wizard Oil did my wife.
She suffered from Throat Trouble
for a year, and though the doc-
tored and doctored, nothing did
her any good, until she tried Ham-
lin's Wizard Oil." Price 50c and
\$1.00.Sold and recommended by

WIRE CUTTING
CASES ARE UP
TOMORROW.

Telephone Activities Now
Excites a Lively
Interest.

INTENSE RIVALRY.

Home Company is Now
Pushing Country Lines
In a Hurry.

All sorts of telephone talk is now in the air. The circulation of a letter signed by one Richard Wilder, of Evansville, attacking the competitors of the Cumberland Company in this county, has aroused a great deal of feeling in South Christian, whose people are clamoring for the benefits of competition.

The President of the Cumberland denies that he knows Wilder, but a formal demand has been made that he find out who he is and why he is doing such work in his interests. His second reply is eagerly awaited.

In the meantime, the exchange at McKenzie is being pushed along and the line to connect it with Hopkinsville is being constructed, without further interference with the stringing of wires, except that a guy wire on the same line was cut Monday night. A camp has been established and a night watch will be maintained hereafter.

The eight men arrested two weeks ago charged with cutting the wires of the Home Telephone Company on the Clarksville pike, will, unless there is a further postponement, be given an examining trial tomorrow.

No clew to the parties who destroyed the insulators on the Crofton line last week has yet been discovered, but offering a reward for the apprehension of the guilty parties has had the effect of preventing any further violence.

Some lively developments in telephone circles are looked for in the next few days.

In the meanwhile, who in the thunder is Richard Wilder?

Keep the receiver to your ear and you will know in a little while.

EXAMINATIONS

For Both Teachers and Pupils To-morrow.

The July examination of teachers for certificates in the common schools will be held Friday and Saturday in this city. At the same time and place applicants for appointment to the State College will also be examined by the same Board of examiners. The examinations will take place at the Clay Street Building.

Four Fingers Lost.

While young Will Quarles was operating a "frizer" in the carpenters' department of the Forbes Mfg. Co. Tuesday, his right hand came in contact with the knives of the machine and the four fingers were cut almost entirely from the hand. Drs. Sargent and Reynolds were called and are of the opinion that the fingers will have to be taken off.

PADUCAH HOT AFTER CUMBERLAND.

Must Buy a Franchise or
Get Out of the
City.

SAME SITUATION HERE.

Mayor Yeiser Is Leading the
Fight on Behalf of
the People.

A legal test is to be made of the claims set up by the Cumberland Telephone and Telegraph Company that a limited permit issued to a company before the adoption of the present constitution and afterwards sold to them, has all the force and effect of a franchise of indefinite duration.

This condition of affairs exists here and also in Paducah. Three years ago the Cumberland's permit expired here and they refused to purchase a legal franchise. The same thing has just occurred at Paducah. The News-Democrat says:

"The East Tennessee Telephone company, of the Bell system, a branch of the Cumberland Telephone and Telegraph Co., will be officially notified to purchase a franchise or pull up its poles, wires and fixtures and get out of Paducah."

The city council in strong terms Monday night denounced the methods of the East Tennessee Telephone company in trying to run over the authorities of Paducah in declaring that it would not purchase a franchise and refusing to pay back taxes on its poles or license, and directed the mayor and city solicitor to take such steps as was necessary to force the East Tennessee Telephone company to purchase a franchise or be ejected from the city.

Mayor Yeiser appeared before the city council Monday night and reported his action in selling the new telephone franchise on July 10 to the highest bidder. He stated that Mr. Henry Hughes had purchased the franchise at \$20 to the highest bidder and had given him a check for \$100 to defray the expense of advertising and selling the franchise. Mr. Yeiser said that he thought the price was too low. The council then adopted a motion declaring the sale void and directing that the check be returned to Mr. Hughes.

Major Yeiser said to the council that the East Tennessee Telephone company had acted in an arbitrary manner by refusing to abide by its laws by not purchasing the franchise which was prepared, presumably for the company, and also by refusing to pay back license taxes and taxes on its poles for police protection, and he advised the council to take steps against the company to force it to purchase a franchise or remove its poles from the city and quit business.

The council unanimously carried a motion directing the Mayor and City Solicitor to take such steps as is necessary to force the company to buy a franchise and abide by the laws of the city or get out of the city.

The aldermen will be asked to concur in the action of the council when they meet Thursday night, and if similar action is taken by the aldermen, the mayor said to-day that action would then be immediately taken against the East Tennessee Telephone Company.

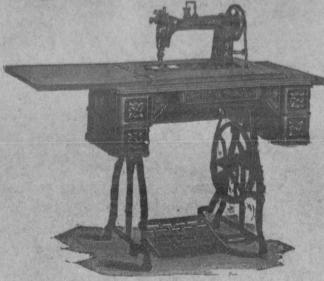

When the revised franchise was first proposed for passage, the East Tennessee Telephone Company announced through an agent that it would not purchase when put for sale. No representative of the company was present when it was sold on July 10.

Mayor Yeiser stated to-day to a News-Democrat representative that he intended taking the question to the highest courts to see whether the citizens of the East Tennessee Telephone company owns Paducah."

\$8,000 Contract.

C. A. Cundiff & Co., of Nortonville, secured the contract last Monday to erect the dormitory of the Yerderbilt training school at Elkhorn.
